**Vanderbilt University Medical Center, Nashville, TN**

**February 2012 to  
April 2016**

*RN2 Vanderbilt Asthma Sinus and Allergy Program*

- allergy shot administration, phone triage, antigen mixing
- "Anchor person" for shot room which included initiating new processes related to use of Rosch Immunotherapy software -- programmed software per Vandy-specific protocols, led shot room team in orientation and quality control, collaborated with providers and outside clinics daily

**Vanderbilt University Medical Center, Nashville, TN**

**November 2004  
to February 2012**

*RN2 Med/Surg floor, outpatient clinic*

- RN2 on 7th Floor Round Wing, Vanderbilt Medical Center staff nurse -- medical/surgical overflow floor with telemetry beds & ACE unit (Acute Care of the Elderly) -- helped plan/lead preceptor course, served as preceptor for nurse residents
- RN2 in Vanderbilt Internal Medicine Clinic -- phone message triage -- served as a resource to peers in electronic medical record Star Panel, facilitated the movement of patients through levels of care, floated among units implementing protocols for medication prescription refills, lab monitoring compliance
- RN2, Vanderbilt University Medical Center, Third Floor Round Wing -- shared charge nurse responsibilities on day shift, precepted new hires, championed "Smooth Moves" mobility equipment initiative

PROJECTS & EXTRACURRICULAR

---

**Mission work Togo, West Africa**

**July 1994 to May  
2004**

- focused mainly on evangelism/spiritual maturation work, participated in and led primary care and health teaching in the rural villages -- almost every year hosted college interns as summer interns interested in missions, gained a heart for working with and mentoring college students

SKILLS

---

**Computer software/ frameworks: Microsoft Office, Gaumard & CAE manikins' hardware/software**

**Languages: French (intermediate), Ewe (Togo, West Africa, fluent)**
